Designer cards from Mainstay

Since 1983 Mainstay Designs has completed a wide variety of design and build projects from general repair and maintenance works to home extensions and total renovations as well as designing and manufacturing bespoke fitted and freestanding furniture.

With growing national and international interest in the Ammique Bed available from its sister company, Ammique Ltd, and with over 90% of Mainstay Designs' commissions coming from referrals, Marlene Greenhalgh, one of the founders of both companies, remains upbeat about the future.

"There is little doubt that the banking crisis and gloomy predictions about the global economy has had an effect on all businesses, however, we are fortunate to have been in business for over 25 years enabling us to build on our reputation over the years and to be now recognised as providing high quality and innovative products and services backed by experience and skilled, committed staff."

On display alongside the mattress free Ammique Bed in the Design Studio that Ammique Ltd share with Mainstay Designs; the Mainstay design team has introduced for sale its own exclusive designer Christmas card collection of 2yoo cards.

Priced at an affordable £4 per 20 cards; 2yoo Christmas card packs are available direct from Mainstay or from eBay.

Next year Mainstay Designs will be adding to its 2yoo range of cards a selection of 2yoo

gift bags and tags to complement its 2009 collection of 2yoo greetings cards.

Mainstay Designs and Ammique Ltd company websites have been designed in house and are comprehensive with links to both companies' most recent brochures both of which can be easily downloaded or viewed online.

The Design Studio is in Midsomer Norton and is open Mondays to Fridays, evenings and weekends.
